Accident Fixed-Benefit Coverage

Assurant Supplemental Coverage
» Pays cash right to you

An accidental injury catches you off guard. Whether it involves a 5-year-old who falls and gashes her chin at 6:15 p.m. on Saturday – just after the nearby urgent care has closed for the weekend, or a 45-year-old who loses control during the family bike ride – and also loses a week at work, an injury throws you into worry, uncertainty, inconvenience and, sometimes, a lot of expense you hadn't exactly planned for.

But the expense is less of a concern if you have Accident Fixed-Benefit Coverage from Assurant Health.

Dylan's story

When Dylan, an 11-year-old Little League catcher, broke his arm during a collision at home plate, his mom, Angela, could barely think. Fortunately, his coach and the other parents at the game acted quickly and before Angela knew it, they were on the way to the nearby hospital emergency room.

To Angela's relief, the ER doctor said the break could be easily repaired and Dylan should be out of his cast within six weeks.

The bills started coming in and soon totaled \$1,790. In addition to other benefits paid by their medical plan, Angela received the following benefits from their accident coverage, which **gave her the money she needed to pay the out-of-pocket costs and some of their other expenses:**

Injury/Service	Benefit
Broken forearm	\$ 1,250
Emergency treatment	\$ 50
Follow-up treatment (4 visits)	\$ 140
Total benefits	\$ 1,440

Angela paid less than **\$32/month** for Accident Fixed-Benefit Coverage for herself, Dylan and his sister.

Individual rates start* at around **\$14/month.**

Not an actual case – presented for illustration only. Actual services and benefit may vary. Sample premium rate is for a one-parent family, residing in Texas, with 24-Hour Coverage – Level 2.

* Sample premium rate is for Accident Fixed-Benefit Coverage for an adult, residing in North Carolina, with 24-Hour Coverage – Level 2.
